

# CAREERS BULLETIN

**OCTOBER 4TH 2024**

## Welcome to Rossett School Careers Bulletin

This week marks the start of Black History Month (BHM) in the UK. This year's theme is "Reclaiming Narratives," and it marks a significant shift towards recognising and correcting the narratives of Black history and culture.

The Black Apprentice Network and Amazing Apprenticeships have produced a collection of apprentice stories and experiences, showcasing some of the inspirational current and past apprentices who are members of the Black Apprentice Network. You can explore their stories [here](#).

If your child is interested in finding out more about Apprenticeships, [this link](#) will take you directly to the Parents Hub Career and Application Advice page, which provides information on CVs, cover letters, application forms, common interview questions, assessment centres and psychometric testing. Amazing Apprenticeships also provide a brilliant **Step-by-Step guide to applying for an Apprenticeship**.

**ScreenSkills** is a key supporter of BHM and a Diversity Champion for careers in film and television. Their inclusivity initiatives are designed to attract, develop and advance **all** talented individuals. If your child is interested in a career in film and television, you can explore the wealth of roles available [here](#).

## Spotlight on Live Webinars

### British Army webinar for parents & carers

**16th October 2024, 6PM**

The British Army offers over 40 different apprenticeships (from level 2 through to degree level) in roles across engineering, medical, intelligence and communications, HR & finance, logistics & support, music, combat and more.

**BOOK YOUR PLACE** to find out more

### Understanding apprenticeships webinar

**17th October 2024, 3.30PM**

Take a more detailed look at apprenticeships – how they are structured, where you find them, and who delivers them.

**BOOK YOUR PLACE** to find out more

### Apprenticeships with the BBC webinar

**22nd October 2024, 3.30PM**

Gain insight into the range of apprenticeship opportunities at the BBC, from journalism, project management, data science, engineering and much more. Hear about the opportunities available, what the recruitment process is like and how to make an application stand out from the crowd.

**BOOK YOUR PLACE** to find out more

### Time for Change: Powering-up opportunities through green apprenticeships

**5th November 2024, 1PM**

The employer demand for **green skills** is on the rise, and this is being matched by a growing interest from young people wanting to pursue roles that contribute positively to the environment.

**BOOK YOUR PLACE** to find out more

### Apprenticeships with EDF

**26th November 2024, 4PM**

Learn more about EDF's amazing apprenticeship opportunities and the exciting range of vacancies opening in **December 2024**.

## CAREERS AROUND SCHOOL

OCTOBER 4TH 2024

### JOBS OF THE WEEK

#### Careers Information Advice and Guidance at School

**Notice Boards** - Students can find information about:

- Possible next steps after school
- How subjects link to careers and further learning opportunities
- Work Experience
- Labour Market information
- Finding a job
- CVs and cover letters
- Enterprise and Entrepreneurship
- Apprenticeships
- Inclusive employers and more

Students can request any of the resources they spot on the noticeboards by email, and many can be found in the [Resources section of the Rossett Careers page](#)

**Monday - Thursday Lunchtimes** - there is a **Careers Drop-in** session in the office next to Lab 5. Students in all years can pop in to chat to the Careers Adviser about their ideas, ask questions, and get further information.

**All students in Year 11** have access to a 1:1 personal careers guidance session to talk about their ideas for the future. Students then receive a careers summary, highlighting the key discussion points, and providing links to further information and resources.

Please ask your child to share the summary with you so that you can also discuss ideas at home. If you have any questions about the summary or any aspect of your child's future plans, please email [wainwrighte@rs.rklf.co.uk](mailto:wainwrighte@rs.rklf.co.uk)

Each week, this section will feature some of the jobs that students have shown an interest in during guidance sessions.

**Animators** produce multiple images called frames, which when sequenced together create an illusion of movement. The images can be made up of digital or hand-drawn pictures, models or puppets.

Find out what it takes to be an animator [here](#)

[Watch this video](#) to hear how Maxwell, a 2D Animator, found his dream job.

**Games Designers** bring ideas, build prototypes, create interactive narration, and develop the game's mechanics. They design systems that can be easily maintained and expanded, and that are comfortable to use, while injecting fun into the user experience.

Find out what it takes to be a Games Designer [here](#)

[Watch this video](#) to hear how Rhianne became a Games Designer.

#### Connected Careers
